☆ Despite the heavy demand for everything in the nursery line, our stock this year is again large and varied, with the same high quality that has characterized it in the past. It is our aim at all times to sell the very best stock possible, but since we have no control over weather conditions, disease and insect infestation, or carelessness on the part of the customer in the selection of soil and location, as well as the planting itself, we do not guarantee plants to live. We have adopted the **Uniform Replacement Agreement** of the Texas Ass'n of Nurserymen, as explained in our catalog last year. **Time of Planting:** From November on through the spring is the best time for planting in this section. **Terms:** Prices quoted herein are for cash. If terms are desired, please make arrangements for same before placing order. Thank you!
